DELL™ VOSTRO™ 1320, 1520, 1720 LAPTOPS

GET MORE - SECURE MORE - DO MORE

BUILT FOR SMALL BUSINESS

Designed specifically to meet the unique needs and requirements of small businesses, the next generation of Vostro laptops offers some of the latest technologies that deliver enhanced productivity, mobility, and data protection like never before — enabling a more complete and rich mobile small business computing experience.

MORE OF THE FEATURES AND SERVICES YOU NEED FOR SMALL BUSINESS

With more choices than ever, you have the freedom to buy exactly what you need in a small business laptop. You can pick the options that mean the most to you and fit your budget. Choose a 13.3" Vostro 1320 for its compact size, light weight, and world-class video experience; the 15.4" Vostro 1520 for its long battery life and broad range of connectivity options; or the 17" Vostro 1720 with its world-class performance options and Dell Premium widescreen display for large, vibrant images.

And with the wide spectrum of available services to choose from, you can build an offering that scales to meet your customized needs, including:

- Dell On-Site Service options, which can help get your new Dell laptop up and running quickly
- Extended Battery Service,¹ which gives you the flexibility to extend the terms of your laptop battery coverage for the remainder of your laptop's Limited Hardware Warranty² up to three years and provides a battery replacement during the extended term should your primary battery fail
- CompleteCare™ Accidental Damage Service³ that offers the support you need when accidents happen to your Vostro laptop

WORLD-CLASS DATA PROTECTION ON A SMALL BUSINESS LAPTOP

Your data is critical to your business. Vostro laptops help you treat it that way with enhanced, easy-to-use multi-level security options and durable hardware.

- Protect access to your laptop: Shield your secrets from prying eyes by preventing unauthorized users from accessing files and data on your system with an integrated fingerprint reader.
- Protect the data on your laptop: Protect your data with encrypted hard drives⁴ and durable hardware such as solid state drives, Free Fall Sensor hard drives, magnesium-alloy reinforced base, and spill-resistant keyboard.
- Protect the connection to your network: Authenticate your laptop to a network to encrypt and securely share server-based files with Trusted Platform Module⁴ (TPM) technology.
- Help protect your customer information, design plans, and financial records: Subscribe to available services such as Dell ProSupport⁵ Hard Drive Data Recovery, Certified Data Destruction, Laptop Tracking & Recovery, and Remote Data Delete and DataSafe™ Online backup.

VOSTRO LAPTOPS SIMPLY MAKE IT EASY AND FAST TO ACHIEVE MORE

Make it happen. In a bistro, waiting for a plane, or in your customer's boardroom, enjoy the freedom of taking your office everywhere. Vostro laptops unleash you with fast wireless connections and long battery life. Collaborate across town or across the globe with an optional integrated camera and Dell Video Chat.⁶ And with performance options including Intel® Core™2 Duo Processors and NVIDIA® GeForce™ graphics, your Vostro laptop is enthusiastically ready for the task at hand.

¹ For terms of service, please visit <http://www.dell.com/servicecontracts>

² For copy of Ltd Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty

³ CompleteCare service excludes theft, loss, and damage due to fire, flood, or other acts of nature, or intentional damage. Customer may be required to return unit to Dell. For complete details, visit www.dell.com/servicecontracts

⁴ Not available in all regions

⁵ Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicedescriptions

⁶ Not available in all regions. Dell Video Chat may not work in certain countries due to country specific regulatory restriction and/or certain service providers' network architectural constraints

⁷ Weight varies with configuration and manufacturing variability

⁸ Significant system memory may be used to support graphics, depending on system memory size and other factors.

⁹ A 64-bit operating system is required to support 4GB or more of system memory.

¹⁰ GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
